

Statement of SNPA on the Military Action by the Russian Federation on Ukraine

The Swedish Network of Postdoc Associations (SNPA) stands in solidarity with the people of Ukraine and condemns Russia's military attacks on Ukraine's sovereignty and territorial integrity. We express our sympathy and support for the Ukrainian people and our fellow Ukrainian students, academics and their institutions.

SNPA calls on Swedish Universities and higher education institutions to support displaced Ukrainian students and researchers such that they can continue their studies in Sweden, if desired.

Research and education are fundamental pillars of open societies and are carried by international collaboration and a desire to find solutions for a better future. Together with our European partner organizations, we stand with the Ukrainian people.
