

Call for expression of Interest for volunteer representatives of Eurodoc in CoARA working groups

About

Eurodoc is a member of the Coalition of Advancement of Research Assessment and thus actively participates in its working groups. In the 2024/2025 term Eurodoc would like to facilitate the participation of more early career researchers in the work of CoARA, and thus we call for expression of interest from ECRs in participation in the following working groups.

1-4 members of WG ERIP

The CoARA working group: Ethics and Research Integrity Policy in Responsible Research Assessment for Data and Artificial Intelligence (WG ERIP) focuses on the growing use of data and artificial intelligence in research and research assessment. ERIP's mission is to develop policy, guidance, and tools for advancing research assessment that promote the role of, and define the ethical and integrity characteristics of, a responsible culture for the assessment of data and AI in research, fostering responsibility, transparency, and societal benefit. Read more about the working group and its work plan [here](#).

1-4 members of WG EMCR

The CoARA working group: Early-and-mid-Career Researchers (EMCRs) – Assessment and Research Culture (WG EMCRs) focus on how ECMRs are affected by research assessment. These assessments happen at a variety of occasions and for different purposes, including hiring and promotion, yearly cadre reviews and success evaluations, project applications, habilitation, defending a disposition or a doctorate, etc. Read more about the working group and its work plan [here](#).

About the work

- As a representative of Eurodoc you are expected to familiarise yourself with Eurodoc's opinions on the topic of research assessment.
- As a representative of Eurodoc in CoARA you are expected to collaborate with the other representatives from Eurodoc.
- The position is a volunteer position without any form of financial compensation.

The application

- A motivational letter (1 page).
- A CV (Max 3 pages).
- A letter of support from a National Association of Eurodoc

Deadline for application: 15.08.2024
